Here followeth a record of the work accomplished at the meeting of the City and County Board of Supervisors last evening, the Mayor presiding:

Need of boiler for rock crusher and drill engine for Walalua road work to cost about \$1,500 referred to roads committee.

Submission of reports of committees for salary and general payroll expenditures and provision for the employes of the City and County Clerk's office passed and ordered paid.

Report of committee on taking away of sand by Japanese in Kalmuki, to sand from Judge Dole's place at Diamond Head, and not in Kaimuki. Logan had been informed that sand was being taken from the Kalmuki roads. The road lunas have been instructed

Quinn, for roads committee, reported that the Rapid Transit had assured the Public Works Department that the roadway would be put in good condition after the Rapid Transit tracks had been connected with the United States mili tary track on Saratoga avenue, and that the Public Works would in every case assist the City and County government in compelling the proper repair of roads after laying of tracks or pipes requiring corporations to give bonds to secure such repair.

The Superintendent of Public Works recommended that a bill be presented to the Legislature seeking to have all roads put under control of the City and County, that the city might have full authority to compel proper treatment of the highways.

Logan moved adoption of the above report and provided that the City and County Attorney be instructed to draw up a measure covering the recommendation for City and County control of

This was passed without the Mayor taking part in the proceeding.

McClellan presented salary and pay roll bills, including demands for pay for John Wilson, appointed road supervisor by the Mayor in opposition to Tom Cummins who was appointed by the Board majority, also for employes under Wilson, none of whom are working, the Board's appointees having the work in hand. Kane moved indefinite postponement, changing his motion to tabling. Aylett wanted to know if any work had been done by the men claiming wages. McClellan said that point could be determined later.

Quinn reported it as his opinion that the City and County was not the owner of any road gear. Everything had originally been turned over by the Territory, but, as an inventory was kept and gear that was destroyed or mules, for example, that died, were not wiped off the inventory it would appear that the City and County still received from the Territory, whereas new that was secured should be inventoried as City and County property.

The new tenement ordinance, prohibiting the erection or maintenance of a tenement within 500 feet of a school, was finally passed

On motion of Logan, a committee was appointed to investigate the allegation that a clerk was drawing salary in connection with the fire department, without doing any work. His clerk's duties might be transferred to the City and County Clerk's staff.

Logan also suggested regulating the payment of members of the band who were not on duty through sickness or vacation, advising that their pay go on for a reasonably limited period.

The Mayor approved payment of the staff of the City and County Attorney. The Board meets again at 10 o'clock tomorrow morning.

minority leader; Teller of Colorado and Bacon of Georgia. Mr. Dick was the only republican to shake hands with him publicly.

The Vice President tried to make an leries was so loud he could not make himself heard. Calling attention to this state of affairs, Senator Kean of New Jersey moved a ten-minute recess. This motion was adopted. Immediately senators and representatives collected into groups all over the chamber and commenced to discuss

Mr. Tillman's defense earnestly. Senators Knox and Lodge sought each other's company. Senators Aldrich and Foraker and Representative Tawney put their heads together, Representative Longworth, the President's son-in-law, who had heard the speech, sat down alongside of Senator Crane of Massachusetts and commenced to

talk it over. The galleries were still thronged to the doors at the end of the recess. Mr. Tillman sat quietly in his seat until the Senate was called to order again, and then he got up and left the chamber.
